

# vegetable oil

A high quality plant-based oil

**Package Size:** 16L sealed plastic jug enclosed in a corrugated cardboard box. Venus vegetable oil is also available in a 16L plastic pail.

**Product Description:** Venus™ Superfine Vegetable Oil is a highly refined, economical formulation of both soybean and canola oil. Combining the two offers the benefits of soybean oil for deep frying and canola oil for pan frying. An antifoam agent is added for safety in the kitchen.

**Quality Assurance:** BBSI has in place quality assurance programs that strictly maintain the specifications and wholesomeness of their finished products. BBSI holds license 9HPV4T74 under the Safe Food for Canadians Act (SFCA) and Safe Foods for Canadians Regulations (SFCR) and has a HACCP system to comply with all government regulations and industry best practices ensuring the continued safety of our products. BBSI has obtained certification under an approved Global Food Safety Initiative (GFSI) Standard from the British Retail Consortium (BRC) and the Food Safety Modernization Act (FSMA) Module.

**Regulatory Compliance:** Kosher and Halal Certified.

**Microbiology:** Pure fats are not attacked by microbiological species, since there must be a nutrient-containing aqueous phase in which the organism can grow. The moisture content of this product is below 0.1%, and at this moisture level product will not support any microbial growth.

**Handling and Storage:** Care must be taken during storage and shipment to avoid damaging the flavor. BBSI recommends during shipping Venus Vegetable Oil is kept below 90°F (32°C) and above 40°F (5°C). During warehouse or kitchen storage, BBSI recommends Venus Vegetable Oil is kept between 65°F and 80°F (18°C-27°C). Packaged animal fats will absorb off-flavors if stored near food items with strong odors. Unsaturated fatty acids will oxidize if kept in a warm place over a long period of time

**Country of Origin:** Canada and United States.

**Shelf life:** One year after packing date. The shelf life will be affected by storage conditions such as temperature, humidity and light. BBSI recommends Venus Vegetable Oil is stored at 65°F-80°F (18°C-27°C) and away from heat sources such as griddles and deep fryers.

**Ingredients:** Vegetable oil (soya oil and/or canola oil) and dimethylpolysiloxane added as an antifoaming agent.

**Physical/Chemical Analyses:** Free Fatty Acid (FFA) = 0.05% max; Qualitative Moisture = Negative; Peroxide Value (PV) = 1.0 meq/kg max; Solid Fat Index = N/A; Lovibond Color Yellow/Red = 20/1.5; Melting Point = N/A; Iodine Value = 120-143;
